

# EAA Winter Flight Fest 2024 Contest and Fun Fly

Indoor  
Free-Flight

February 9-11, 2023  
In the EAA AirVenture Museum

Indoor  
R/C

Fly Free-flight in the 35' Eagle Hangar amidst spectacular full-scale airplanes and fascinating WW II exhibits. Contest for: **CLG, F1D, F1L, LPP** and **Ministick**, plus FAC Events: **NoCal Scale** (6.2 gm min weight), **FAC Phantom Flash** (5 gm min weight), **Dime Scale, GHQ Peanut, Bostonian** and **AMA P-18, one design Big Smash P-18**. Bill Hannan's **Stringless Wonder** will also be flown as a one design event (plans included in this flyer) in both a master class (anything goes, outlines per original plan) and built per the plans class (any commercially available plastic prop/hangar). Quite a few folks are also flying their **Wasp** models, We'll plan a mass launch event for them. Wasp plans and postal contest rules are posted on the <https://indoorfreeflight.com> website.

Heavier models fly early, light models later during contest times.

**Please note: Like last year, the public event is being held only on Saturday; our flying schedule will NOT be impacted. We'll fly on Friday afternoon/evening, and Saturday evening, plus Sunday until 2 pm.**

During the daytime, on Saturday, enjoy fun flying with our guests who come to annual EAA Winter Flight Fest. Over 1,000 guests attend this annual modeling showcase. Show off your favorite demonstration models, and help a kid (or parent) get the most out of their free Guillow's glider. **Plan on also spending time flying and explaining modeling to our guests. That's how we get to fly in such a special place; we're volunteers for this very popular annual EAA AirVenture Museum event.**

## Schedule

Friday, Feb. 9 - 2 pm to 10 pm..... AMA/FAC Indoor FF contest—Day 1  
Saturday, Feb. 10 - 8 am to 5 pm..... Fun flying during EAA Family Flight Fest
